

## INNOVATIVE TECHNOLOGY

The 3rd piston pump generation from WAGNER convinces thanks to perfectly matched performance categories and a wide range of applications both indoors and outdoors. WAGNER offers the right ProSpray piston pump for every area of application, from lacquers and emulsions right up to highly viscous materials on small and large construction sites.

Materials	Object size	Model			
		PS 3.21	PS 3.25	PS 3.31	PS 3.39
Release agents, oils, undercoats, primers, fillers, synthetic resin-based paints, acrylic paints recommended nozzle size: FF 0.008" - 0.014"	up to 200 m <sup>2</sup>	Green	Green	Green	Green
	200 m <sup>2</sup> - 800 m <sup>2</sup>	Red	Green	Green	Green
	more than 800 m <sup>2</sup>	Red	Green	Green	Green
Emulsion paints, latex paints recommended nozzle size: 0.017" - 0.027"	up to 200 m <sup>2</sup>	Green	Green	Green	Green
	200 m <sup>2</sup> - 800 m <sup>2</sup>	Red	Green	Green	Green
	more than 800 m <sup>2</sup>	Red	Green	Green	Green
Anti-corrosive agents, flame retardants, fabric adhesives recommended nozzle size: 0.021" - 0.031"	up to 200 m <sup>2</sup>	Red	Red	Green	Green
	200 m <sup>2</sup> - 800 m <sup>2</sup>	Red	Red	Green	Green
	more than 800 m <sup>2</sup>	Red	Red	Green	Green
Airless stoppers recommended nozzle size: 0.027" - 0.039"	up to 200 m <sup>2</sup>	Red	Red	Red	Green
	200 m <sup>2</sup> - 800 m <sup>2</sup>	Red	Red	Red	Green
	more than 800 m <sup>2</sup>	Red	Red	Red	Green

Green: suitable  
Red: not suitable

## ProSpray accessories

**Guns**

Together with the unit and the nozzle, the gun is the centrepiece in every spraying operation. The optimum spray jet adjustment possibilities give you perfect results every time.

0296 393 Airless gun AG 08 (F-thread) incl. nozzle and nozzle holder  
0502 168 Airless gun AG 14 (F-thread) incl. nozzle and nozzle holder

**Nozzles**

TradeTip2 nozzles offer a wide range of uses for optimum adjustment to the project in question, and are available in various types and sizes: from 0.007" to 0.067" and with spraying angles from 10° to 120° (see the current compass and nozzles manual).

**2SpeedTip**

The nozzle innovation from WAGNER. Now you can work even faster and more flexibly. With the new 2SpeedTip nozzles you can swap between two nozzle sizes with just one twist. The nozzle is available in various nozzle combinations (see current brochure).

**Gun filters**

Gun filters prevent nozzle blockages. (Each pack contains 10 pcs.).

0097 022 Extra fine filter insert, red  
0097 023 Fine filter insert, yellow  
0097 024 Medium filter insert, white

**PumpRunner**

... the cleanest solution. The patented accessory from WAGNER for air-tight closure of the suction tube.

2306 987 PumpRunner

**InlineRoller**

Paint rolling with Airless technology: The Airless system automatically transports the coating material from the drum to the paint roller. Convenient and efficient working without carrying cans and dipping into the drum.

0345 010 InlineRoller complete with hose in plastic box.

**TipClean**

Contactless cleaning and clean storage.

0097 108 Container incl. special cleaner  
0097 110 Special cleaner for TipClean (1 litre)

**Pole guns**

Pole guns save using ladders and scaffolding.

0296 443 Pole gun 120 cm, 1/4" nozzle holder, F-thread 11/16"  
0296 444 Pole gun 200 cm, 1/4" nozzle holder, F-thread 11/16"

**Large volume container**

For the application of large quantities we recommend using the mobile, solvent-resistant, and very easily cleaned large volume container with a capacity of 100 litres. Low own weight.

2309 956 Large volume container, complete incl. lid

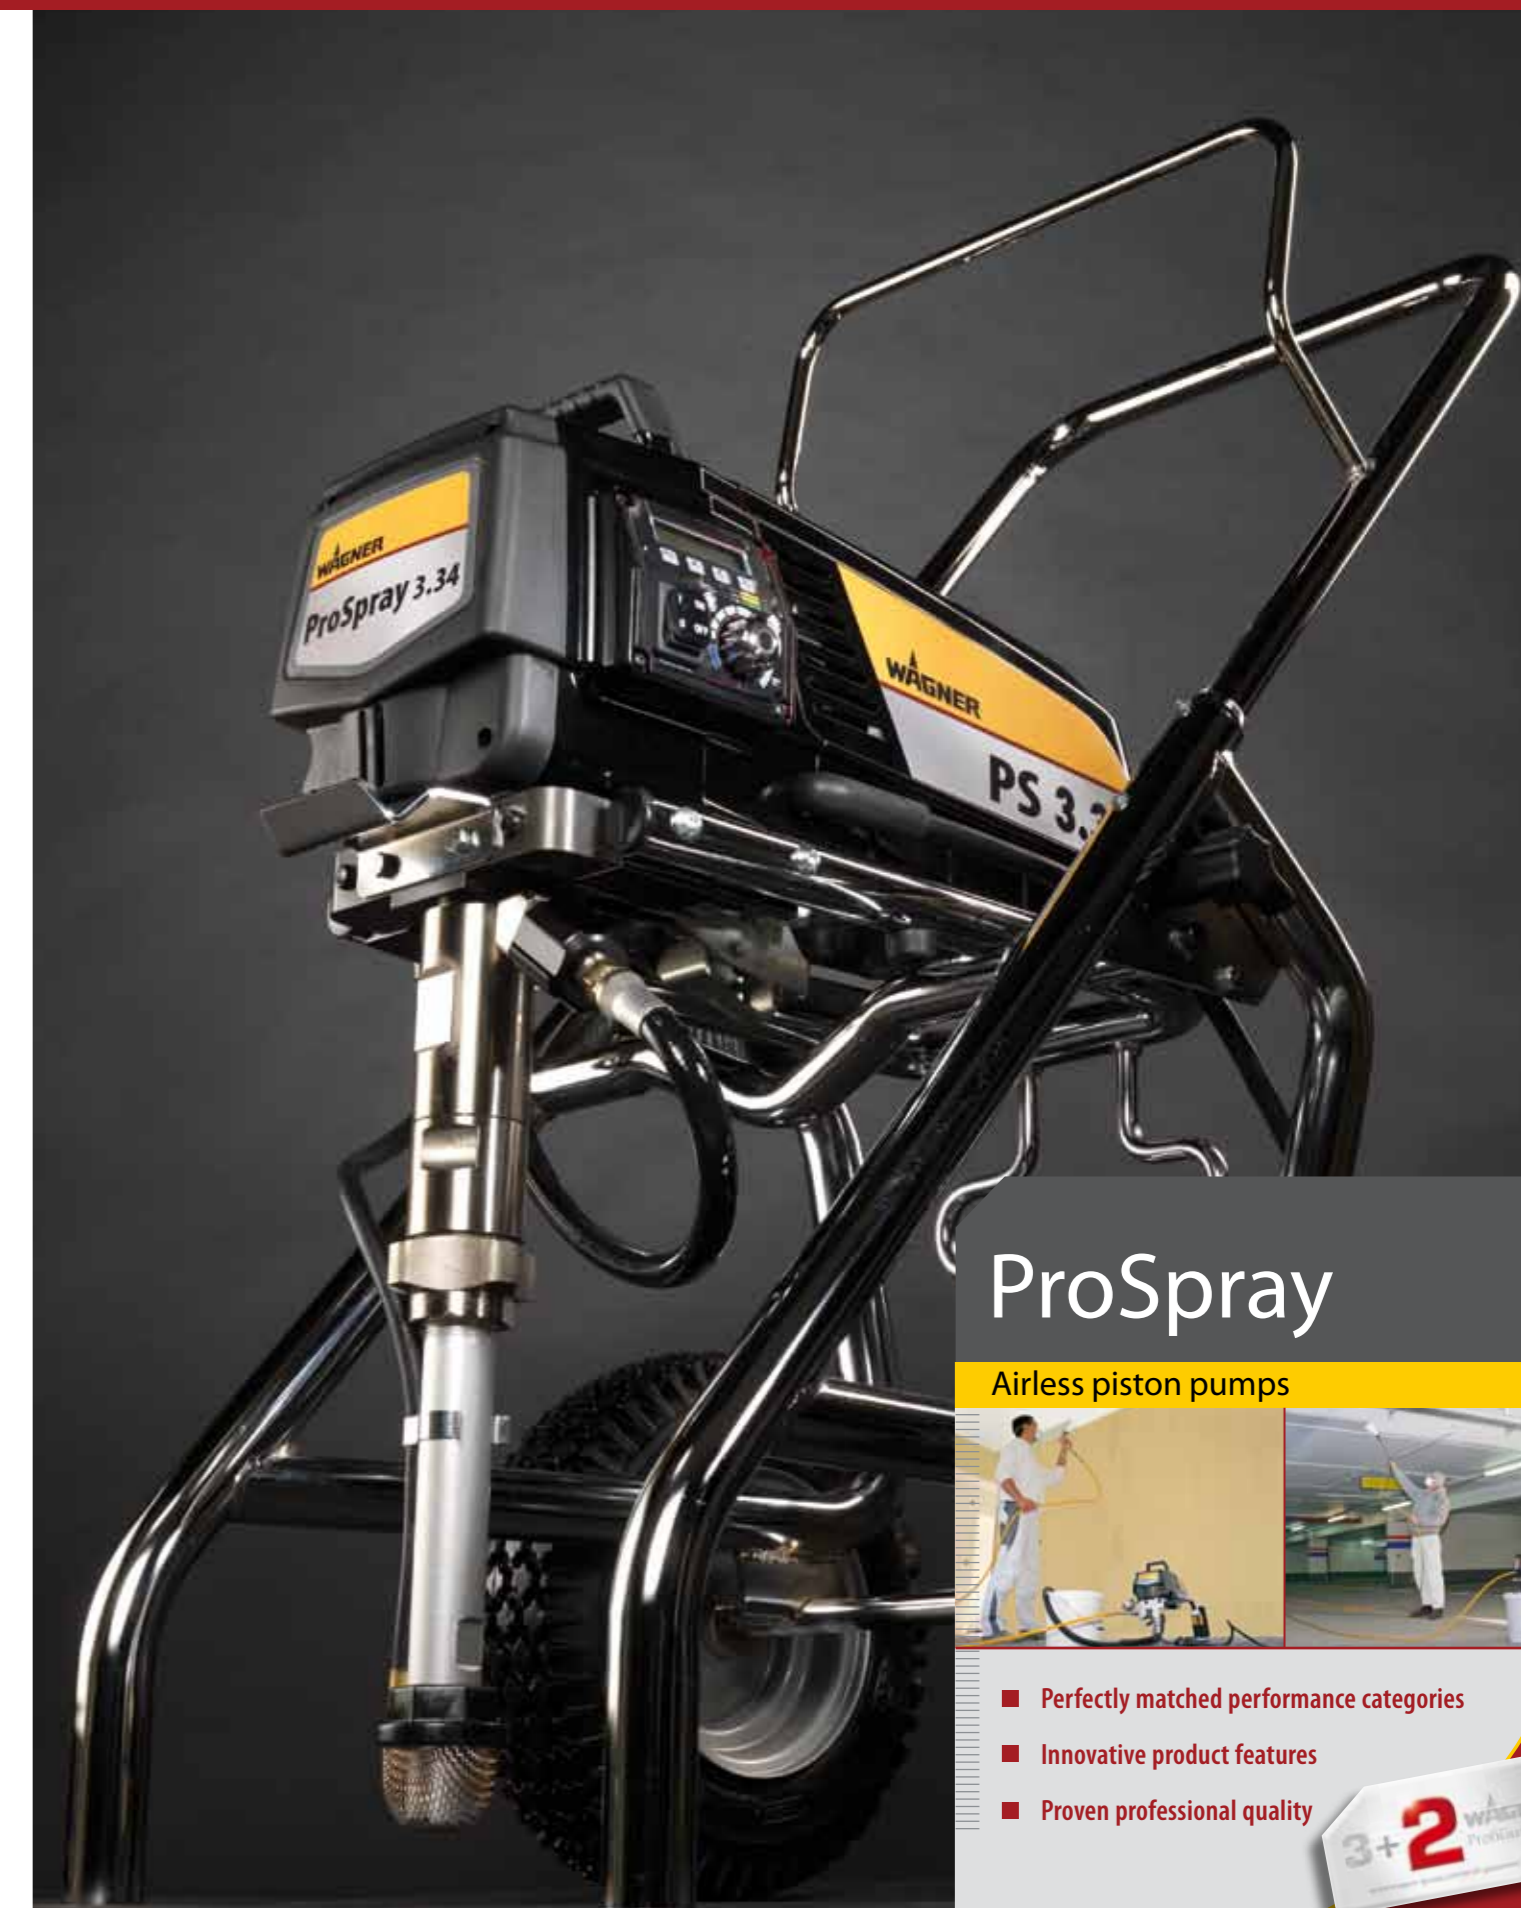

**High pressure hoses**

A wide choice of material hoses is available for various material applications and action radii.

9984 574 HP hose DN6-ND270, 1/4", 15 m, yellow  
9984 575 HP hose DN6-ND270, 1/4", 30 m, yellow

## ProSpray

### Airless piston pumps

- Perfectly matched performance categories
- Innovative product features
- Proven professional quality

3+2 WAGNER Professional  
Quality - Offensive!

**advantages...**

Clean storage of the flexible suction system, EasyGlide and EasyClean.

The pressure gauge gives precise information about the set spray pressure.

**...which convince**

Swivel joint on the flexible suction system, removable without tools.

The inlet valve depressor guarantees high operating reliability. One press of a button and the valve is free.

**advantages...**

Fast change of the container and easy cleaning thanks to the tilting cart.

The microprocessor based electronic system controls and regulates all functions.

**...which convince**

Quick change of the suction system without tools.

The low position of the inlet valve of the PS 3.39 improves the suction power for high viscosity materials.

**The 3rd ProSpray generation with convincing product features**

**Digi-Trac-Control, information and checking.** With the digital display you can read out and handle machine data, consumption figures, runtimes and much more. The intelligent deadband control, SlowMotion function and FrequentClean guarantee trouble-free work and quick cleaning.

The **innovative brushless DC motor** requires no maintenance. Thanks to its compact dimensions it is light in weight. Due to the improved performance, the motor works even more efficiently at low and also at high speeds. The continuous paint pressure measurement controls the motor speed automatically, thus ensuring a constant material pressure.

**Maintenance made easy.** With the push of a button the piston is oiled and thus the packings are conserved. The "Easy Glide" machine oil can be refilled easily. It forms a protective film around cylinder and piston and protects the unit against premature wear.

The new practical, **self-adjusting packings** lead to less wear and are easy to change. They have a service life up to 50% longer than the current packings which means significantly lower maintenance costs.

The high pressure filter is **easily accessible and quick to clean**. The additional filtering protects against time-consuming, paint blockages and so facilitates the work. Three different filter inserts (fine, medium, coarse) ensure an optimal match with the material.

## PS 3.21

**Delivery package PS 3.21 Airless Spraypack**

- + ProSpray 3.21 SKID basic unit, 110 V / 50 Hz
- + HP hose DN6-ND270, 15 m, yellow
- + Airless gun AG 08, 250 bar, incl. TradeTip 2 nozzle holder
- + 2SpeedTip nozzle D7 113/417

Article-No. 2311 375

**Technical Data PS 3.21**

Max. delivery rate	2.0 l/min
Max. nozzle size	0.023"
Max. operating pressure	230 bar
Motor output	0.65 kW
Weight	16 kg

## PS 3.25

**Delivery package PS 3.25 HR Airless Spraypack**

- + ProSpray 3.25 HR basic unit on cart, 110 V / 50 Hz
- + HP hose DN6-ND270, 15 m, yellow
- + Airless gun AG 08, 250 bar, incl. TradeTip 2 nozzle holder
- + 2SpeedTip nozzle D7 113/417

Article-No. 2311 378

**Technical Data PS 3.25**

Max. delivery rate	2.6 l/min
Max. nozzle size	0.027"
Max. operating pressure	230 bar
Motor output	1.1 kW
Weight	25.5 kg

## PS 3.31

**Delivery package PS 3.31 Airless Spraypack**

- + ProSpray 3.31 HR basic unit, 110 V / 50 Hz
- + HP hose DN6-ND270, 15 m, yellow
- + Airless gun AG 08, 250 bar, incl. TradeTip 2 nozzle holder
- + 2SpeedTip nozzle D20 115/421

Article-No. 2311 380

**Technical Data PS 3.31**

Max. delivery rate	3.8 l/min
Max. nozzle size 1/2 Guns	0.032"/0.021"
Max. operating pressure	230 bar
Motor output	1.7 kW
Weight	38 kg

## PS 3.39

**Delivery package PS 3.39 Airless Spraypack**

- + ProSpray 3.39 HR basic unit, 110 V / 50 Hz
- + HP hose DN10-ND230, NPSM 3/8", 15 m, yellow
- + HP hose wand DNS-ND270, NPS 1/4", 1 m
- + Airless gun AG 14, NPS 1/4", incl. TradeTip 2 nozzle holder
- + 2SpeedTip nozzle D20 115/421

Article-No. 2311 382

**Technical Data PS 3.39**

Max. delivery rate	5.0 l/min
Max. nozzle size 1/2 Guns	0.039"/0.026"
Max. operating pressure	230 bar
Motor output	2.68 kW
Weight	44 kg

### Guarantee-Offensive!

With each newly purchased professional paint spraying unit you will now get a 3 year manufacturer's guarantee from WAGNER. Ensure two additional years of guarantee with your Online registration. This is unique in the industry! Because: We are convinced of our professional quality. Take our word for it!
